

Non-Surgical Nose Augmentation with Dermal Fillers

Canonical: <https://directory.meclinic.com.au/health-beauty-services/cosmetic-aesthetic-procedures/non-surgical-nose-augmentation-with-dermal-fillers/>

Description:

Enhance your appearance with non-surgical nose augmentation using volume enhancing treatments. Our expert cosmetic physicians at Me Clinic can build the bridge of your nose, improve the tip shape, even out nose humps, and correct small defects. Results are visible immediately and typically last 12-18 months. Treatment takes approximately 30 minutes with minimal downtime.
